Terra Branca Collection

Terra Branca Collection

Terra Branca, a white-glazed terra cotta tile collection, embraces the power of white as a design element. The sheer force of will to keep an interior simple while embracing and even celebrating its nuance, such is the elegant discipline of Terra Branca. Letting the texture alone be a foil for the light and shadow in a space, such is the beauty of Terra Branca. These 4" square white tiles are suitable for vertical applications in residential and commercial interiors.
