thassos white polished

The elegance, beauty, and tradition of the Thassos White Polished Marble Tile Collection have their beginnings on a small island in the Northern Aegean Sea. The tiles' crystal white polished coloring resembles the shining white architecture of small Greek islands.

This collection includes polished marble field tiles, mosaics, and moldings. For even more of a brilliant shine, there is also the option of an extra polished finish. The mosaics come in a superb selection of classic designs that would be right at home in a Greek villa. Its inherent beauty and pure white shade is a natural choice for yesterday's, today's and tomorrow's elegant residences.

Marble has been quarried and used as a building material since ancient times for statutes of art, buildings, monuments and interiors of homes throughout the centuries.

The Thassos White Polished Marble Tile Collection is suitable for vertical and horizontal applications in residences and commercial properties.
