aspen white

Our Aspen White Honed Marble Tile Collection evokes the imagery of snow-covered, dense forestry and lushly contoured mountain slopes. Despite its brightness, the marble's softly honed finish creates an approachable atmosphere. With a wide variety of tiles, mosaics, and decorative elements, this collection suits kitchens, bathrooms, or any other interior.

Marble is a metamorphic stone with a timeless history in architecture and interior design. Some of the most famous sights in the world-including the Taj Mahal, Michelangelo's David, the Lincoln Memorial, and the Washington Monument are made of marble. These are only a few examples of the colossal cultural and utilitarian impact that marble has had on human civilization. With its classic white color, the Aspen White Honed Marble Tile Collection evokes this rich history.
