fluted tile / molding

These carved stone tiles with a modern edge are a novel way to bring a dramatic look to contemporary rooms. A statement-making reeded style called "Flute" is deeply carved.

These marble tiles create a visual tour de force of modern relief. Marble Systems' design team curated an assortment of nine of the brand's most popular classic and exotic marbles. Because of their clean lines, they make an amazing field tile, especially flipped on the vertical to create a continuous reeded wall of natural stone. They are also intended for use as modern moldings, a clean but luxurious way to finish a field of smooth stone tiles.

Usage :

- Bathroom Walls
- Commercial Interior Walls
- Residential Interior Walls
- Shower Walls
