silver clouds

The Silver Clouds Marble Tile Collection comes from a very unique stone that is colorful yet neutral, sophisticated yet versatile. It is a medium that combines refined marble white design elements that range from traditional to contemporary dècors.

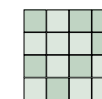

The surface of this product has a finely polished finish that brings out the inherent beauty of the stone. It includes a selection of variously sized field tiles, artistic mosaics, moldings, and slabs. The wide selection of mosaics, which range from basket weaves to rock faces, allows for the ultimate creative freedom.

The stone's subtle blending of silver and white tones with highlights of gold makes it an ideal choice for floors, walls, counters and backsplashes.

The Silver Clouds Marble Tile Collection is suitable for horizontal and vertical applications in commercial and residential properties.
