Our White Pearl Marble is an intriguing twist on classic white marble, with hints of gold-hued warmth and intricate gray veining. It imbues interiors with a more welcoming environment than most white stones. Moreover, it has great value.

This collection comes in large format 12" x 24" tiles in either honed or polished finishes. Due to its subtle blend of white, grey, and gold, this stone has a striking uniqueness that makes it stand out from other marble. It's the ideal choice for those who love the iconic look of a marble-adorned interior yet want something new.

The White Pearl Marble Collection is suitable for all indoor vertical and horizontal applications and wet areas.
